

BILANS ZABUDOWY MIESZKANIOWEJ PRZEWIDZIANEJ PLANEM

The drawing illustrates the planned water supply network in the vicinity of ul. Bolesława Limanowskiego. Key features include:

- Existing Infrastructure:** Structures labeled DK4, 1.4.U., DK1, and 1.9.MW are shown with hatched patterns.
- Proposed Infrastructure:** New structures labeled 1.5.MW, 1.6.ZP, D, E1, E2, B, and 2.2.U. are indicated by solid black outlines.
- Streets:** ul. Rybna runs vertically on the left, while ul. Bolesława Limanowskiego runs horizontally across the middle.
- Technical Details:** Pipe diameters are specified as "dn 2 x dn 50 mm" and "dn 2 x dn 80 mm". A section cut symbol "2KDZ+T" is present near the intersection.
- Other Labels:** Various alphanumeric codes (e.g., 60014, 60175, 60176) and letters (A, B, C, D, E) are scattered throughout the plan, likely identifying specific plots or points of interest.
